Contact: Dennis Keaton dennis.keaton@dot.ca.gov
Phone: (530) 741-5474 **cell:** (916) 825-5252

FOR IMMEDIATE RELEASE

15-Day On-Ramp Closure Scheduled for Eastbound I-80 in North Sacramento *80 Across the Top Project*

SACRAMENTO – The California Department of Transportation (Caltrans) is alerting motorists to anticipate eastbound on-ramp closures that would extend travel times for motorists in Sacramento county in North Sacramento.

Demolition and pavement repair work is scheduled to begin Monday, September 26 and will require a 15-day closure for the eastbound I-80 on-ramps at Longview Drive and the Watt Avenue Regional Transit Light Rail Station.

SCHEDULE:

- The EB I-80 ON-ramp at Longview Drive and Watt Avenue Regional Transit Station will be closed for 15-days beginning **10 p.m. Mon. 9/26 through 5 a.m. Wed. 10/12.**

DETOUR:

- Traffic will be detoured to Winters Street for access to Eastbound I-80. Motorists at Longview Drive will be directed to WB I-80, to take the Winters Street exit (Exit 92) to get back onto EB I-80.
- Watt Avenue Regional Transit Station customers can follow the West end parking lot entrance back to Winters Street and back onto EB I-80.

Motorists are urged to use an alternate route to avoid these delays, or plan ahead for the additional travel time.

Weather or unexpected events may delay or prolong the work. Caltrans advises motorists to “Be Work Zone Alert.” The department will issue construction updates on Twitter @CaltransDist3 and on Facebook at [CaltransDistrict3](https://www.facebook.com/CaltransDistrict3).
